Let's Get That Crossing At Ellis Creek Bridge Removed

Must we wait for a youngster to be killed before the crosswalk at Ellis Creek bridge and Main Street is moved?

For months the Carmi Avenue school P-TA group has been agitating for a change. Penticton Traffic and Safety Council has also gone on record, again several months ago, asking that the hazard be eliminated. On Monday night city council agreed that the best solution to the problem would be to move the crosswalk from the close vicinity of the narrow bridge, but added that such a move would be impractical at the present time.

Why would it be impractical? Council says because there is no sidewalk between Huth and Carmi on the west side of Main Street. They further say that such a sidewalk cannot be constructed until residents owning property in that section agree to the construction under the local initiative scheme. This we cannot understand.

Here we have a dangerous situation parents, schoolteachers and motorists have recognized for many months, but council tells us it cannot be eliminated for technical reasons. To this we say 'nonsense'.

Whatever the cost of a sidewalk — or traffic lights — that cost cannot be measured against the cost of a child's life. If a sidewalk is needed to make a new crossing safe, then let it be built. If traffic lights are needed, then let them be installed. Cost is of no concern when human life is in danger.

Council has procrastinated long enough on what should be a simple issue of common-sense.

Tips on Safe Driving

The Penticton and District Safety Council wishes to point out the following important points which will help to make safe driving week in the Penticton area a success.

For everyone: Be courteous in traffic habits as a driver or pedestrian — make courtesy your code of the road. Know and obey all traffic regulations, signs, signals, etc. Drive and walk as you would have others drive and walk. The right way is the safe way in traffic. Drive and walk as though your life depended on it — it does.

For motorists: Don't hesitate to concede the right of way to others, even when it's rightfully yours, to avoid an accident or unnecessary trouble. Watch out for all pedestrians but be especially careful of elderly ones and children. Always drive at reasonable speed for conditions — remember, excessive speed is the number one killer. Be especially careful in passing any stopped bus which might be unloading passengers. Never drive after drinking — Death never takes a holiday where drinking drivers are concerned.

For pedestrians — Consistently obey traffic signs and signals — they are for your guidance as well as for the motorist. Cross only at intersections — don't jaywalk! Stay within crosswalks — and where there are traffic lights, cross only on the green signal. Remember that motor vehicles can't stop on a dime! Give the motorist at least a fair chance to miss you. When walking at night wear light clothing or carry a flashlight. Motorists have a much better chance to miss you if they can see you.

The Penticton and District Safety Council feels that if motorists and pedestrians alike will adopt a careful and considerate action during Safe Driving Week, they will realize how much suffering and expense can be saved, if every day is observed as safe driving day.

Ambulances and Traffic

Ambulances, like fire engines, are emergency vehicles and as such are allowed much latitude in traffic. But some large cities have found that greater control is necessary. Montreal's Police Director Albert Langlois says that the city is considering buying ambulances to be operated by the police department and, if so, they will be under the same driving regulations as the department's other cars, slowing down to a near-halt at stop signs and red lights.

A few years ago, New York City went so far as to ban the use of sirens on ambulances—Montreal does not envisage this step — and the effect has been a reduction in accidents.

According to a report in the American Journal of Surgery, only one patient out of 2,500 ambulance cases studied would have been endangered

by a moderate delay in reaching hospital. It states further that fast rides are a definite hazard for patients with bone fractures, wounds in the chest or abdomen, or in a state of shock from severe burns.

Mishaps caused by speeding ambulances are rare in Ottawa's past experience, and it is to be hoped this situation will continue as traffic density increases. It is a matter of judgment on the ambulance driver's part. His siren, as has been demonstrated in a number of cities, does not always clear the way, for when the windows of other cars are closed in cold weather it may not be heard. For the rest, his behavior must be governed by the nature of his mission, whether to the scene of an accident or to a hospital; some cases will obviously be more urgent than others.

—The Ottawa Citizen.

Political Expert to Lecture in Poland

By GAVIN SCOTT
CAMBRIDGE, Mass. (CP) — For the second time in less than a year, a Canadian expatriate will lecture Polish students at the University of Warsaw on how the West's political and economic systems work.

Robert T. McKenzie, Vancouver-born expert on British politics, plans to spend three weeks in Warsaw next March. On leave of absence from the London School of Economics, McKenzie is a visiting lecturer at Harvard University here and also conducts weekly seminars at Yale University, New Haven, Conn.

Another Canadian expatriate, John Kenneth Galbraith, economics professor at Harvard, visited Warsaw on a similar mission last May. Galbraith, a native of Iowa Station, Ont., and a graduate of the University of Toronto, recently published a book relating his experience titled "Journey to Poland and Yugoslavia, 1958."

WARSAW PLANS
Plans for the Warsaw lecture series grew out of an exchange program developed two years ago during an Anglo-Polish seminar at the University of London, McKenzie says.

McKenzie's lectures will be a condensed version of the course he is teaching American students at Harvard and Yale. He will speak in English, with Polish translations coming every 15 minutes.

While the major subject of his lectures will be the British political process, McKenzie says he will stress variations of it within the Commonwealth. He plans to devote a public lecture to Commonwealth relations, including Canada's role.

"Poland has been the most liberal East European country in

inviting Western educationists to teach there," McKenzie says. "This sort of educational exchange should prove extremely valuable in trading knowledge about each other."

While the exchange reaches only advanced students, McKenzie believes that eventually the program could have a broad effect because many of the students will become teachers.

STUDENTS KEEN
Students who came to the London sessions two years ago showed keen interest in the study of the Western system. "The Polish students I taught were by no means narrow minded and big-ridden by doctrine. In fact, one of them, with no formal education in English, had learned enough of the language through radio broadcasts and later by his own initiative to deliver a graduate school seminar in English at the end of his stay."

McKenzie, 41-year-old bachelor, graduated from the University of British Columbia and served with the Royal Canadian Artillery and at Canadian headquarters in London during the Second World War.

After a short stay in Canada after the war, he enrolled as a graduate student at the London School of Economics and joined the staff in 1948. He is the author of British Political Parties, a text book published in 1955.

McKenzie says he doesn't classify himself as "a permanent expatriate," and does not preclude the possibility of returning one day to teach in Canada. His mother, Mrs. A. C. Eby, lives in Vancouver.

THE TROUBLE WITH EGGHEADS

REPORT FROM THE U.K.

New Span Over Firth Started

By M. MCINTYRE HOOD
Special London (Eng.) Correspondent For The Herald
LONDON — An event which historic took place at South Queensferry, seven miles north of Edinburgh, Scotland, this week. It was the driving of the first pile for the new road bridge over the Firth of Forth at that point.

It was attended by an impressive ceremony, with the first pile being driven by John MacLay, secretary of state of Scotland.

This ceremony marked a decisive step towards making a many years old dream of British motorists come true. The only bridge

over the Firth at this point up to now has been the famous railway bridge, one of the engineering wonders of the world. Motorists had to depend on a ferry service to cross to the other side. It was slow and inadequate. For at least 10 years, there have been agitations from Scotland to have a road built to provide quicker passage across the Firth of Forth. Year after year, on account of financial stringency, the project was put off. Now it is to become a reality.

PERSONAL EXPERIENCE
Back in 1954 I had occasion to cross the Firth of Forth several times on the ferries. It was in the height of the summer tourist season. Usually, there was a line of cars several hundred yards long waiting their turn to get on the ferry. One day, I had to wait for an hour and 40 minutes before reaching the head of the line and boarding the ferry.

The only alternative to crossing on the ferry was to drive some 30 miles to the nearest bridge, the Kincardine Bridge. That involved a drive back of an almost similar distance on the other side. But many motorists found it was quicker to drive to the Kincardine bridge than to wait for the ferry.

SIGNED PETITION
At that time, the agitation for a road bridge at South Queensferry was at its height. I recall being asked, while waiting for the ferry, to sign a petition to the government urging that immediate steps be taken to have the bridge started.

In June of 1957, when I was again touring Scotland, the situation was even worse, because that June was a month of glorious weather, and the tourist traffic was heavy. But relief was then in sight. I saw men at work preparing the approaches for the new bridge, for which the government has decided to provide the funds.

Now work has started on the actual construction, with the driving of the first pile by the secretary of state for Scotland. It will take a couple of years to finish the bridge, but motorists, and particularly tourists from Canada and other countries, can look forward to the day when they will be able to drive across it in two or three minutes, instead of having a long wait, and a 20 minute ferry ride to get to the other side.

OTTAWA REPORT

Gov't Criticized On Rail Decision

By PATRICK NICHOLSON

The Conservative Cabinet, after several days of almost continuous session under the chairmanship of acting prime minister Howard Green, succeeded in averting the threatened nation-wide railroad strike.

This outcome was to be confidently expected, as always when one party to a dispute intimates its complete and unconditional yielding to the demands of the other party.

The reaction in all Ottawa circles is solidly critical of the government's non-stand in this matter.

Some people believe that sentiment across the country was strongly opposed to the wage demands of the railroad unions, and would have reacted bitterly to the unions if they had walked out on strike. Can any single one of the fifteen unions concerned point to an increase in per-man-hour work matching the wage increase demanded? If not, why do those workers, in an industry which is already substantially subsidised by all taxpayers, consider that they deserve even higher wages taken out of the taxpayers' pocket?

Many people feel that those wage demands were directly inflationary, and typify the line which Prime Minister Diefenbaker has urged should be held against inflation.

Others point to the significant announcement by the Canadian Trucking Association that trucking freight rates would increase on the same day as the railroads increase their charges; this being regarded as a case of taking "what the traffic will bear" rather than meeting specific cost increases on a specific basis.

The most constructive criticism of the government came from Liberal Leader Lester Pearson. He pointed out that this problem of such great importance to everyone in Canada, did not suddenly arise just a few days ago. The Cabinet began to treat it as of urgent and crisis proportions late in November. But it actually became clearly evident no less than 54 weeks ago, on 12 November 1957, when the railroad unions made known their new wage demands.

What did our Cabinet do about this matter, between 12 November last year, and 24 November this year when it began its marathon deliberations in the Council Chamber on this old and repeating port picture.

Vigorous Mayor Of West Berlin

By ALBERT KLUHNS
BERLIN (Reuters) — The current Berlin crisis has focused the news spotlight on West Berlin's vigorous mayor, 44-year-old Willy Brandt.

The popular city leader, a one-time bitter anti-Nazi who now is battling to save West Berlin from the Communists, is held in the same esteem by his fellow citizens as was the late Ernst Reuter, mayor during the 1948-49 airlift.

When Brandt was elected to office Oct. 3, 1957, to succeed Otto Suhr, he told Berliners: "I will try to do my best, every day and every hour, for the freedom of our city."

GAINING RESPECT
Today he is carrying out this pledge by bearing the heavy burden of the current crisis with a composure that is winning him even greater respect.

The crisis caught the hands of some politician in the middle of a municipal election campaign. On Dec. 7, Berliners will decide between him and his powerful Christian Democratic opponent, Ernst Lemmer.

Brandt, a Socialist like his two post-war predecessors, is regarded politically as a right-winger in the party. Besides holding the office of mayor, he also is chairman of Berlin's Socialist party.

Observers here believe the present crisis has helped him considerably in the election campaign. Constant, savage attacks and caricatures in the East German press only have increased his popularity.

The present city council numbers 64 Socialists out of a total membership of 127.

CHANGED NAME
Willy Brandt is not his original name. Born Herbert Frahm in Luebeck (now in East Germany) on Dec. 18, 1913, he changed it legally after the Second World War.

Brandt's anti-Nazi career started early. At 17, he appeared in court on a charge of wounding some Nazi storm troopers. The case was dismissed for lack of proof. In 1933, at the age of 20, he fled to Norway after further clashes with Hitler supporters.

Troublesome Slipped Disc

By HERMAN N. BUNDESEN, M.D.

A slipped disc doesn't really slip. Actually, it is a rupture which causes all the pain and trouble.

Your spine is composed of many little hard, bony structures called vertebrae which support the trunk or the pelvis. Between each vertebra is a soft spongy material called a disc. It is these discs which permit the spine to move.

SHOCK ABSORBERS
In effect, they serve as shock absorbers to sudden changes in movement or any jarring pressures.

Because the lumbar or lower back region supports the entire upper body, this is the area where stress and strain is most likely to rupture a disc.

A disc is made up of several layers. It is covered by strong, fibrous tissues which help confine the softer spongy material between the vertebrae.

SLIPPED DISC
When some strain or stress tears the outer ring, the softer material oozes into the spinal canal. This rupture is what we commonly call a "slipped disc."

Occasionally, young adults will suffer a ruptured disc, but generally it occurs in persons 25 years of age or older. Many doctors believe he due to ringworm or to that the normal aging process of the body has something to do with disc ruptures.

In childhood, the interlacing strands of fibrous tissue have a high fluid content which makes them quite elastic. Some of this elasticity, however, is lost as we grow older and the fluid content decreases.

MAINTAINING
Despite this, the disc will function normally under ordinary circumstances. But when the degenerative processes become even more pronounced, a rupture may result.

Usually, the pain is so intense with a ruptured disc that the victim immediately thinks of surgery as the best form of relief. In many cases, though, surgery isn't necessary. A physician usually will determine how a disc reacts to medical management, before deciding upon the method of treatment.

For some patients, all that will be needed is bed rest. Others may require traction and corrective jackets or limited types of exercise.

QUESTION AND ANSWER
A.C.: My three-year-old girl's hair is getting very thin spots. What causes this? What can be done to correct this problem?
Answer: Your daughter's pretty thinning of the hair may be due to ringworm or to alopecia areata. Consult your doctor for the proper diagnosis and treatment.

NOTICE OF POLL MUNICIPALITY OF PENTICTON

Public notice is hereby given to the electors of the Municipality aforesaid that a poll has become necessary at the election now pending, and that I have granted such poll, and further, that the persons duly nominated as candidates at the said election, for whom only votes will be received, are:—

Surname	Other Names	Whether for Mayor, Councillor, Alderman, or Trustee.	Term of Office	Residential Address	Occupation
BIRD	Clement Peachy	Alderman	2 years	670 Victoria Dr.	Merchant
CHAMBERLAIN	Harry C.	Alderman	2 years	1017 Quebec St.	Engineer
CLELAND	Eugene Hugh	School Trustee	2 years	Upper Bench	Fruit Grower
ERAUT	Philip F.	Alderman	2 years	820 Argyle St.	Retired
ERAUT	Philip F.	School Trustee	2 years	820 Argyle St.	Retired
HATFIELD	Harley Robert	School Trustee	2 years	687 Vancouver Ave.	Engineer
JOHNSON	James William	Alderman	2 years	Johnson Rd.	Retired
MCPHERSON	Farquhar Perley	Alderman	2 years	780 Lakeshore Dr.	Retired
WHIMSTER	William H. L.	Alderman	2 years	Lower Bench Rd.	Fruit Grower

Such poll will be opened at Scout Hall, Jermyn Ave. on the 11th day of December, 1958, between the hours of 8 o'clock a.m. and 8 o'clock p.m. with advance poll in the Council Chamber on the 8th and 10th day of December, 1958, between the hours of 12 o'clock noon and 3 o'clock in the afternoon, which every person is hereby required to take notice and govern himself accordingly.

Given under my hand this 1st day of December, 1958.

H. G. ANDREW,
Returning Officer.

MR. AND MRS. STANLEY H. JONES

Autumn Setting for Jones-Skinner Rites

Pastel colored chrysanthemums banked the Penticton United Church to form a pretty seasonal setting for the impressive double marriage ceremony uniting in matrimony Stanley Herbert Jones, son of this city, Rev. Robert Gates officiated when the bride, daughter of the late Mr. and Mrs. J. S. Skinner, of Yarmouth, Nova Scotia, was given in marriage by John Erlendson, to the son of Mr. and Mrs. Cecil Jones of Penticton.

Her ballerina-length gown of white lace and net, misting taffeta and hoops, was worn with a brief lace jacket featuring a princess collar and long lily-petal sleeves. A coronet of rose petals encircled her head, and a veil of silk illusion, she carried a cascading bouquet of red roses and fern and wore a pearl necklace, a gift of the groom.

Mrs. Kenneth Munro, as her only attendant, wore a waltz-length frock of peach colored brocade designed with an Empire waistline and back panels of deeper colored peach taffeta. She carried a colonial bouquet of bronze mums and wore a hair circlet of tiny harmonizing flowers.

Kenneth Jones of Vancouver, a brother of the groom, was best man, while another brother, Ernest Jones, and Thomas McLaren, both of Penticton, ushered. Miss Monica Craig Fisher was organist and Mrs. Frank Christian sang, "The Wedding Prayer," during the signing of the register.

At the reception which followed aboard the SS Sicamous, the toast to the bride was proposed by Mr. Erlendson. Kenneth Jones, master of ceremonies, proposed a toast to the matron of honor and to Mr. and Mrs. Erlendson on the occasion of their 17th wedding anniversary.

Among those serving were Miss Pat Mills, Mrs. M. Jones, Miss Myrtle Anderson, Miss Gladys Eowden and Miss Dorothy Speck.

The bride donned a beige suit with brown and turquoise colored accessories when the newly married couple left on a motor trip honeymoon to Vancouver and Washington State. They will make their home in Penticton.

Out of town guests included Mr. and Mrs. Kenneth Jones, Vancouver; Mr. and Mrs. Albert Patenaude, Allenby; Mr. and Mrs. Barry Wenden, Mr. and Mrs. J. Porter, Mr. and Mrs. Earl Porter, Mr. and Mrs. John Bromley, Mr. and Mrs. B. Beale, Mr. and Mrs. Herbert Lowe, Mrs. J. Heindrich,

MANY ATTRACTIONS

Christmas Bazaar, Tea Held by Summerland United Church W. A.

SUMMERLAND — Summerland United Church W.A. held the annual Christmas Bazaar and Tea Saturday, and it proved to be an outstanding success. General convener, Mrs. C. L. Wright, spent many hours organizing committees, and working with the seven circles which constitute the W.A. group.

Various booths were set up in the new Sunday School hall, and the increased space made possible a far greater display of articles this year.

The Okvess Circle with a colorful array of aprons displayed on a "Carousel" was convener by Mrs. C. Denike, assisted by Mrs. A. Gronlund, Mrs. R. O'Leary, Mrs. W. J. Stewart, Mrs. L. Fudge and Mrs. C. D. Lund.

The Century Circle handled the novelties which featured a variety of cushions. Mrs. Edith Scott was convener, assisted by Mrs. L. Shannon, Miss Minnie Ritchie, Miss Louise Atkinson, Mrs. Vera Foster, and Miss Joanne Ritchie.

NEW FEATURE
A new feature this year sponsored by the Lakeside Circle, was a "White Elephant Stall." Co-conveners, Miss Mary Scott and Mrs. C. B. Snow, were aided by Mrs. D. Orr and Mrs. M. McKechnie.

The candy booth was a complete sell-out and was convener by Mrs. Jack Stewart. Assistants were Mrs. B. Brandon, Mrs. F. Mallett, Mrs. S. Blazek, and Mrs. L. Rumball, all members of the Semi-Circle.

The most recently formed group, the Mariposa Circle, had

a new attraction for the children, a Christmas Tree, with appropriate prizes for boys and girls. Mrs. K. Williams was convener and assisting her in the kitchen were: Mrs. Colin Campbell, Mrs. C. Bishop, and Mrs. J. C. Wilcox.

Home baking, always a popular item, was handled by the Magic Circle with convener Mrs. David Munn. Special attractions this year were Christmas cakes and home-made bread and buns which were generously donated. Assisting at this table were: Mrs. M. McGibbon, Mrs. A. Kean, Mrs. J. Mayne, Mrs. J. R. Leinor, Mrs. A. D. Galey and Mrs. M. Cousins.

Tea was served in an atmosphere of Christmas with trees, angels, colored lights and candles burning on each table. Mrs. A. D. Wilson headed a committee composed of a representative from each Circle to decorate for this event.

Hostesses were Mrs. J. H. Holman, WA president; Mrs. C. O. Richmond and Mrs. J. C. Wilcox, past president.

The Just-Us Circle with convener Mrs. G. A. Laidlaw and Mrs. S. W. J. Feltham arranged the delicious tea and refreshments. Pouring were Federation members: Mrs. Jack Dundson, Mrs. S. A. MacDonald, Mrs. A. McLachlan, and Mrs. O. J. Lazebny. Mrs. Cecil Wade and Mrs. W. H. Durick were kept busy replenishing tables, and serving were: Mrs. G. Washington, Mrs. A. J. McKenzie, Mrs. H. Hackman, Mrs. C. B. Hankins, Mrs. Hazel Cole, Mrs. Ken Heales, Mrs. M. D. Proverbs, Mrs. K. Boothie, Mrs. W. R. Chalmers,

Mrs. A. Cowan, Mrs. W. Mortimer, Mrs. Frank Young made tea, and assisting her in the kitchen were: Mrs. Colin Campbell, Mrs. W. Milne, Mrs. J. Marshall, Mrs. F. Doumont, Mrs. W. J. Broderick, Mrs. W. B. Powell, Mrs. G. McArthur, and Mrs. C. Reinertson.

FASHIONABLE TOGETHER

By VERA WINSTON

Separates made for each other add up to a pleasing sum total and make for a costume that requires little in the alteration line. The material of this blouse and skirt is a lightweight wool broadcloth. The skirt top is a satin cummerbund with ruffles of the broadcloth emerging from the top. It would set off a black satin blouse as well as complement its male.

OLIVER CHRISTMAS PARTY
OLIVER — The United Church Junior Circle's regular meeting and Christmas party will be held in the Church Hall on Thursday, December 11, at 8 p.m. All members are asked to come and bring a friend as a wonderful evening of entertainment is planned.

The Osoyos United Church Junior Circle will be guests. Mrs. Ted Trump will show slides and give a talk on her recent trip abroad.

PENTICTON
Five Pentictonites representing the Glangary Figure Skating Club were in Vancouver to attend the skating judges' conference and school of instruction held in the Capilano Winter Club Sunday under the sponsorship of the Canadian Figure Skating Association.

In the group, all accredited judges in the preliminary and bronze classes, were Harley Andrew, Mrs. Verla McDonald, Miss Sharon Southworth, Bruce Barritt and Vernon Harris. The school was conducted by Norman V. S. Gregh, of Montreal, world-famous judge and skating referee. It was the first to be held in B.C. and one of several held in major Canadian cities. Other local

judges unable to attend the session are Mrs. Roy Hay, Mrs. Dick Warr and Miss Rita Keir.

Mr. and Mrs. W. I. Betts, Mr. and Mrs. W. A. Carse and David Betts have returned after attending the Grey Cup Game in Vancouver on Saturday.

Mrs. Amy Gillett of this city has gone to Campbell River to visit over the Christmas holidays with her sister, Mrs. W. Hallowin, after spending the past five weeks in Burnaby.

Mr. and Mrs. Robert A. Fraser and two small children have returned to Penticton after spending the past two weeks in Vancouver. While at the coast, they attended the recent hotelmen's convention and the Grey Cup Game on Saturday.

Mr. and Mrs. Jack Klein have arrived from Roblin, Manitoba, to spend the winter months with their son-in-law and daughter, Mr. and Mrs. Sam Relkey, 464 Winnipeg Street.

Tom and Dean Sproule, Allan Benson and Steve Tomlin have returned to Penticton after traveling to the coast for the Grey Cup game on Saturday.

PEACHLAND
Reeve Ivor Jackson and Councillor A. E. Miller attended the meeting of the O.K.V.M.A. on Thursday held at Oliver.

Mr. and Mrs. Phil Lucier left for Vancouver on Friday.

CHIC CHEMISE BLOUSE

By TRACY ADRIAN

Embroidered dashes, dotted with tiny seed pearls, flash a message of fashion chic across the front of this grey jersey chemise blouse. Empire bowed below the bosom, the blouse is styled in classic cardigan lines, and is enriched with a centre panel of little pearl buttons. It is designed for wear with a favorite separate skirt or over an afternoon or resort dress.

Annual Meeting by St. Margaret's W. A.

PEACHLAND — At the annual meeting of St. Margaret's W.A., held on Friday evening November 28, at the home of Mrs. Fred Topham, Jr., Mrs. George Long, Gretna Ranch, was elected president. BACKACHE May be Warning

Backache is often caused by lax kidney action. When kidneys get out of order, excess acids and wastes remain in the system. Then backache, disturbed rest or that tired-out and heavy-headed feeling may soon follow. That's the time to take Dodd's Kidney Pills. Dodd's stimulate the kidneys to normal action. Then you feel better—sleep better—work better. Get Dodd's Kidney Pills now.

Surprise your family with luscious TROPICAL PANCAKES!

(Bake as Waffles, too)
Sift together once, then into bowl,
2 c. once-sifted pastry flour
or 1 1/2 c. once-sifted all-purpose flour
3 tps. Magic Baking Powder
1/2 tsp. salt

2 tps. granulated sugar
Mix in
1/2 c. chopped pitted dates
1/2 c. chopped nuts
Combine
2 well-beaten eggs
1 1/4 c. milk
1/2 c. crushed pineapple (drained from a 15-ounce can)

4 tps. shortening, melted
1 tsp. vanilla
Bake well in dry ingredients; stir in liquids gradually, adding milk, if necessary, to make a medium-thin batter. Bake as pancakes or waffles. Serve with butter and this sauce: Combine in a small saucepan 2 tps. flour and 2 tps. sugar. Stir in remaining pineapple and juice, 1/2 tsp. vanilla and 1/4 c. water. Cook, stirring, until sauce is smoothly thickened.
Yield—8 or 6 servings.

Your baked goods are so much lighter, so delicious, when you bake with dependable MAGIC! Get MAGIC Baking Powder today!

Guide Association Will Plan Program

Discussions dealing with the 1958-59 program will be of major importance at the December meeting of the Local Association to Guides and Brownies to be held tomorrow evening in St. Saviour's Anglican Church parish hall at 8 p.m.

Suggestions and ideas for the observance of "Thinking Week" in February will be among important items on the agenda, as well as discussions regarding Penticton's support and share in the development of the new camp-site for Guides and Brownies on the westside of Okanagan Lake. Reports will be submitted on the recent divisional meeting and on the summer camp sessions.

The association is extending an invitation to all mothers and others interested in the girls' world-wide movement to attend the meeting and participate in its various activities.

The Guides and Brownies constitute a very active group within Penticton. At the present time there are five Brownie Packs and three Guide Companies, with an approximate membership of 160 girls.

All packs and companies have competent leaders but some replacements are necessary during each season. The 4th Brownie Pack, which meets under the leadership of Mrs. Wilfred Gougeon at St. Joseph's School, is in need of a new Tawny Owl as Mrs. Gougeon wishes to be relieved of her duties in the near future. Penticton is also in need of a new district commissioner to replace Mrs. Alex Walton who has left to take up residence in Vancouver. Mrs. Bruce Blagborne, division commissioner, who resides in Summerland is now assisting in this capacity.

The executive of the local association is desirous of developing an active membership from which to enroll additional helpers. There

is a nominal membership and it has been suggested that those unable to participate in the association's work program could support the movement and become a member and contribute to the various projects.

Some of these projects are, providing uniforms and material for the Guides and Brownies, rental for the girls' meeting centres, transportation to and from conferences, camp expenses and for other activities associated with the movement.

The Brown Owls are holding regular meetings at which they are studying for their warrants in leadership, while the Guides are participating in a training course and have issued an invitation to all interested to join them.

Although the Guides and Brownies have their new campsites as their foremost project, they are assisting with many community and welfare activities. The Guides are currently making layettes for UNICEF, with each patrol pledged to complete one set of baby clothing.

Mothers' Club to Scouts and Cubs Holds Annual Sale

OLIVER — A successful annual Christmas Sale was held in the Post Office building by the Mothers' Club to the Scouts and Scouts of Oliver.

The sale included Christmas decorations, used toys, books, sporting equipment and baked goods. Also on sale were Christmas trees which the Scouts will be selling from now on to Christmas on the Super-Valu parking lot.

Two large raffles were held with Mrs. Bob Shannon holding the lucky ticket for the sweater and Miss Alex Scott, the ticket for the beautiful bride doll and complete wardrobe.

All proceeds from the sale go to the upkeep of the Scout Hall and Scout activities. The Mother's Club wish to express their appreciation for the donations of goods and baking which made the sale so successful.

Leotards, Tights Newest Fashion For Skin-Diving

Skin-diving fashions strike a new note in Bermuda. Mrs. Clare Booth Luce of New York visits there often, according to Jeanne and Park Breck who skin-dive for a living.

Mrs. Luce loves diving, and wearing leotards and tights in different colors, which protect the swimmer from sharp coral, and also from the cold water. Jeanne says the water is often chilly at great depths.

Soviet - Canadian Trade Talks Stalled

By HAROLD MORRISON
Canadian Press Staff Writer

OTTAWA (CP) — Soviet-Canadian trade talks on renewal of a three-year trade agreement have stalled because of a lack of firm instructions from Moscow, informants disclosed Tuesday.

This throws some doubt on whether Russia will buy more wheat from Canada, when the current pact expires next February. Russia is reported to have harvested a big crop in the Ukraine and in virgin northern lands.

Canadian spokesmen expressed confidence that Russia in the end will renew the pact, but in initial talks, Russian Embassy officials emphasized they can take no firm action on negotiations until they have heard from Moscow.

A Russian spokesman said: "We want to do business in Canada but I don't know what will happen regarding wheat. It is better not to guess."

FACT INCLUDES DEADLINE

The current pact, signed Feb. 29, 1956, had a deadline in it—agreement on renewal had to be reached three months before the expiry date. That deadline was Nov. 29, but both sides agreed that it could be disregarded. Under the current pact, Russia agreed to buy a minimum of 14,800,000 bushels of wheat a year over the three-year period in return for a lowering of Canadian tariffs on Russian goods to the most-favored-nation level — the same as extended to the United States and other members of the General Agreement on Tariffs and Trade.

As events turned out, the terms

of trade were definitely in Canada's favor. Russia kept her bargain to buy Canadian wheat but sold little to Canada, outside of some furs, chrome ore and a few other small items.

In initial talks, the Russians emphasized that they would buy more wheat from Canada if the Canadian government could assure them of a firm market for a larger quantity of Russian goods. This would amount to barter—a kind of trade rejected by this government and the previous administration.

Last year, for example, Russia bought \$10,600,000 worth of Canadian goods—mostly wheat — but sold only \$2,800,000.

ABOUT \$17,900,000 THIS YEAR

In the first nine months of this year, Russian purchases from Canada totalled \$17,900,000. Canadian purchases from Russia totalled less than \$1,000,000.

Canadian experts feel that Russians either are not making any strong effort to sell in Canada, or don't know how to compete in the North American market.

Perhaps the major factor in the wheat deal—aside from the East-West economic fight — is that when Russia signed the pact, it was badly in need of wheat for Far Eastern areas. Apparently it was deemed far more economical to buy wheat from Canada and ship it to Vladivostok from Vancouver than to move supplies from the Ukraine over long stretches of rail to the Far East.

Settlement Ends Airlines Strike

KANSAS CITY (CP) — Tentative agreement on a new contract was announced today between Trans World Airlines and its striking machinists.

Settlement would end a 13-day strike by 6,700 members of the International Association of Machinists against TWA in a contract dispute. The walkout forced TWA to ground all its planes and lay off 19,000 employees.

Chairman Leverett Edwards of the national mediation board said the agreement reached early today is subject to ratification by union members and approval by union officers.

Flow of Foreign Investment Into Canada Reduced

OTTAWA (CP) — The flow of foreign capital into Canada through trade in stocks and bonds dropped to \$126,000,000 in the three months of July-September, compared with \$251,000,000 in April-June and \$135,000,000 in July-September last year.

This reduced the total flow for the first nine months of 1958 to \$532,000,000 from \$709,000,000 last year, the bureau of statistics reported today.

ELECTRONIC LEGAL BRAIN

TEDDINGTON, Eng. (AP)—Your lawyer has finished pleading your case. The defendant has had his say. Now you're waiting for the verdict.

On the bench, there is a whir and a click, and a little white card. The verdict is announced — damages for the plaintiff.

The electronic judging machine has spoken.

Fantastic? Scientists from many nations heard the idea at an international conference on electric brains. Dr. Lucien Mehl, a French lawyer, mathematician and former judge, He suggested someone could construct an electronic brain able to "learn" all the laws and legal precedents, sort out the ones applying to a particular case, and arrange them in logical order to arrive at a conclusion.

Dr. Mehl sees plenty of room for the flesh-and-blood judge. The electronic legal brain would be used "only in problems whose solutions can be derived unambiguously from data."

He does not envisage the use of an electronic brain to decide a criminal case.

"There the problem is so much a moral one as well as a logical one," he said.

PETER TOMLIN'S SPORTS DIARY

IN THE MIND OF at least one Pentiction hockey fan, last night's performance was the beginning of the end for Okanagan hockey.

The fan said, as he was leaving the rink, "that sounds the death knell of hockey in Pentiction."

Comments of fans between periods ranged from "sad, very sad" to "I won't be back."

An already bad situation was made a great deal worse last night. The game left a sour taste in the mouths of the 1,034 fans in attendance.

Attendance at games has been anything but good this season. It was off some 20 per cent in the first few weeks.

Since then, crowds have become even smaller. Last night's crowd was one of the smallest yet.

YET PENTICTON HAS BEEN getting better gates than any team in the league.

Even Kelowna and Vernon, who have winning teams, are not drawing fans to their games.

A loser can hardly be expected to do something which a winning team can't.

It was the manner in which the V's lost last night that disheartened their supporters.

One fan said, "I don't mind a team losing a game, but when they don't put any effort into it, then I don't want any part of it."

THE CLUBS HAVE NOT been able to come up with any means of getting more fans to the games. It is obvious—or should be—that salaries of 15 players cannot be paid by crowds of 500 or even 1,000.

The situation has become desperate. Unless the clubs can come up with something pretty soon, there can only be one answer.

General apathy on the part of the general public must be overcome if the OSAHL clubs are to remain on an even keel.

A few more performances like last night and the handwriting will be on the wall.

ONE MORE SUGGESTION FROM a hockey fan. "A Shopper" writes, "Could the stores of Pentiction co-operate with the town's hockey team and close shop on Fridays at 8:30 p.m.?"

"That last half-hour Friday nights would make so little difference in late fall and winter to the stores in the way of business. It would make such a big difference to the hockey games."

"Could the storekeepers get together on this and make a very quick decision and get behind the hockey team?"

"Could we have this little bit of practised goodwill at home? Pentiction's hockey is everybody's business, so it would be only good business sense applied."

The shopper winds up by saying, "Just tell the people 'we close Fridays at 8:30 to help the Vees' and the town will be 100 per cent behind you. But make it soon, before it is too late."

Harridge Resigns As AL President

WASHINGTON (AP) — William Harridge resigned today as president of the American League.

Harridge, who headed the league since 1931, made his decision known this morning after meeting with the club owners.

His retirement will become effective as soon as the league is prepared to select his successor.

Harridge will continue to preside at the current convention.

By JOE REICHLER — Baseball magnates today formed an angry, united front against the major league players' bid for a cut of the owners' income and minor leaguers' demands for a pension plan.

The big league players, already bulwarked by a pension plan supported by world series radio and television money, jolted their employers Tuesday with a salary proposal calling for 20 per cent of each club's gross revenue.

At the same time, International League executives were shocked by the threat of a strike by their players following the officials' refusal to buckle to an ultimatum by the athletes' lawyer.

"You will accept the pension plan or you will not have International League baseball," attorney James Durante was reported as saying.

"The International League directors are fully sympathetic to the players' request," said Frank Horton, president of Rochester Red Wings, who reported Durante's words.

But Horton added the directors "could find no way within the economic framework of the league to raise the more than \$250,000 to underwrite a pension plan."

Durante had informed the International League the players resolved not to sign 1959 contracts nor to report to spring training until the pension plan was accepted.

Horton's reply: "We intend to operate the league and play baseball in the 1959 season. But we cannot agree to a pension plan."

"There is no question about that," said Frank Shaughnessy of Montreal, league president.

The proposed plan, as outlined by Durante, would cost \$293,000.

Figure Skaters Meet Thursday

A general meeting of the Glenora Figure Skating Club will be held Thursday night at 8 o'clock in the Loughheed Building on Martin Street.

One of the main items of business will be formation of plans for the annual Christmas party. All club members are urged to attend.

BUCK FORSLUND, Pentiction V's forward lies on his stomach in front of the Kelowna goal after putting the puck past goalie Dave Gatherum. The action came in the second period of last night's game, won 7-4 by Kelowna, and was Forslund's second goal of the night. That's Harry Smith sitting behind Forslund and Bill Swarbrick standing over him.

Vees Take 7-4 Beating At Hands of Packers

Kelowna Packers took charge from the opening whistle and never let up as they swamped Pentiction V's 7-4 in an Okanagan Senior Hockey League game before 1,034 fans here Tuesday night.

V's were never in the game as Packers almost completely dominated play. Kelowna led 2-1 at the end of the first and 4-2 at the end of the second.

The Gerry Goyer-Russ Kowalchuk - Greg Jablonski line was the whole story last night. The three scored two goals each to pace the Kelowna attack. Defenceman Harry Smith got the other Packer goal.

Buck Forslund scored twice for the losers with singles given to Lorne Nadeau and Pat Coburn.

AN EARLY LEAD

Goyer sent Kelowna off to a flying start in the first period with two goals in 48 seconds. He battled in a rebound at 4:16 and tipped in Kowalchuk's drive at 5:04.

Forslund got one back for Pentiction at 13:32 when he beat Dave Gatherum from a scramble in front of the net. Kelowna outshot Pentiction 18-8 and were foiled on several thrusts by the stellar work of V's netminder Reno Zanier.

Horton said Durante claimed about 100-per-cent membership in the players' association although there have been many changes in player personnel since last season.

If the players make good their threat it will mark the first all-league strike in the history of baseball.

Although no such threat hovered over the major leagues, owners were seething over what they called "unthinkable and unreasonable demands" by players.

Tom Hawkey of Boston Red Sox hinted he might pull out of baseball if players continue to press for what he termed exorbitant demands.

MAN-HANDLE VISITORS

WHL Clubs are Not Good Hosts

By THE CANADIAN PRESS — Two Western Hockey League games were played Tuesday night on the Prairies and in each the hosts came out on top by holding their guests to a goal apiece.

Saskatoon Quakers regained third place in the prairie division by dumping Victoria Cougars of the coast division 4-1. Edmonton Flyers lit into the touring Spokane Flyers like a swarm of hornets, slaying them 6-1.

Les Lilley opened the scoring for Saskatoon at 5:20 of the first period with assists from Paul Masnick and Bob Robinson, the former playing his first WHL game since leaving New Westminster Royals last week.

THEY STRIKE AGAIN — Early in the second, Lilley, Masnick and Robinson struck again, with Robinson scoring. Max Bentley increased Saskatoon's lead to 3-0 at 16:20.

Lucien Dechene's chance of a shutout ended at 13:12 of the final period when Doug Anderson scored from Cougars' goalie, Marcel Pelletier.

Pelletier was pulled from the net with 35 seconds left in the game and Ralph Keller picked up Masnick's pass to fire a long shot from centre into the open net.

TWO FOR GENE — Edmonton's centre, Gene Achymichuk, scored two goals and assisted in three others to help defeat Spokane Flyers.

Achymichuk got his first goal of the night at 15:52 of the first period. Edmonton kept Spokane scoreless until 1:22 of the second

period, then broke through with a brief pushing session halfway through the period. For their efforts, each was given a minor penalty for roughing, a major for fighting and a ten-minute misconduct.

While they were off, Pat Coburn got Pentiction's fourth goal on a pass from Nadeau. Kowalchuk wound up the scoring four seconds from the end by batting in North's rebound.

LOOSE PUCKS

Wayne North had himself a good night... the Packer rear-guard picked up four assists... Joe Kaiser was in the V's line-up for the first period last night... he retired after twenty minutes with an injured back...

Pike May Get Job As Toronto Coach

By KENNEDY WELLS

Toronto Maple Leafs, who haven't managed to create much excitement on the ice since the National Hockey League's 1958-59 season began, are having better luck with their front office manoeuvres.

Leafs fired coach Billy Reay last Friday after spending the early part of the season fumbling around in last place.

Left-winger Bert Olmstead was named playing-coach of the club in the interim between firing Reay and hiring a new man, but it was no secret that general manager George (Punch) Imlach was co-coach in everything but name during the Leafs' two week-end games.

Tuesday night, Toronto rumors had it that no new coach would be hired until next season.

But the Toronto Globe and Mail, interviewing Imlach in Montreal where his Leafs are preparing to meet Canadiens Thursday, quotes him as saying the post will be offered to Alf Pike of the Winnipeg Warriors in the Western Hockey League.

"I plan to talk to Pike in the next day or so," the Globe quotes Imlach as saying.

"Whether we can reach an agreement or not remains to be seen. First of all I want to find out if he is interested."

In Winnipeg, Pike said only that he had not heard from Imlach.

The Globe says a possible stumbling block might be a Warrior demand for one or more players in return for Pike's contract.

Among other names being bruited about as contenders for the unenviable task of trying to better Leafs' fortunes are three

old-time Leaf stars — Walter (Tuck) Broda, Charlie Conacher and Ted Kennedy.

Whoever is picked will be inheriting one of the shakiest positions in the NHL. Since Clarence (Hap) Day retired in 1950 after nine full seasons the Leafs have had four coaches.

And the new coach will take over a squad that this season has shown no potent scorers, a woeful defence and only adequate goal tending; three insuperable obstacles for any mortal coach.

But, as Stafford Smythe, Leafs' chief executive, put it last Friday, "We either had to have a new coach or a new team, and it's cheaper to buy one coach than 16 players."

ROSSLAND WARRIORS
Edge Nelson 2-1

ROSSLAND (CP) — Nelson Maple Leafs missed a chance to move into undisputed possession of second place in the Western International Hockey League Tuesday night when they were edged 2-1 by Rossland Warriors.

The win moved Rossland into a six-point advantage in first place. Nelson and Trail are tied for second with 12 points.

Rossland took a 1-0 lead in the first 11 seconds of play when Gil Desrosiers slammed in a goal on an assist from Ray Demore.

Mickey Maglio tallied for Nelson later in the period to tie it up.

The middle stanza was scoreless.

Leo Lucchini banged in the winner for Rossland at 17:36 of the third period.

Nelson coach Ollie Dorohoy pulled goalie George Wood in the last minute of play but the Leafs couldn't get the tying marker.

Lucille, Gordon Award Winners

By BOB TRIMBEE

Canadian Press Staff Writer — VANCOUVER (CP) — Lucille Wheeler has been named Canada's outstanding woman amateur athlete by the Amateur Athletic Union of Canada at its 65th annual meeting.

The 23-year-old Ste. Jovite, Que., ski champion was also given Tuesday night the AAU's nomination for the Lou Marsh Trophy awarded annually to Canada's most outstanding athlete, professional or amateur.

Miss Wheeler was the first Canadian skier to gain an Olympic medal, winning a bronze medal for her third-place finish in the slalom event at the 1954 Winter Olympics.

It was her double victory in the world ski championships last winter in Austria that pushed the petite Quebec skier into national prominence. She won the downhill and the giant slalom and placed second in the combined.

Gordon Dickson, 26-year-old Hamilton Athletic Club marathoner, was named Canada's outstanding male amateur athlete and the outstanding performer in track events, winning both the Norton H. Crove and the Davies Trophies.

Jack Smyth, 22, Winnipeg, was named winner of the Rowell Trophy as Canada's outstanding field athlete. Eleanor Haslam, 18, Saskatoon, receives the Tees Trophy as the top university athlete; Richard Raw, 19, Windsor, Ont., the Viscount Alexander Trophy as the top junior amateur athlete, and Freyda Beriman, 16, Vancouver, the Myrtle McGowan Cook Trophy as the outstanding junior woman amateur athlete.

BEST INDIAN

Randy Youngman, 17, Glenora, Alta., was named Canada's outstanding Indian athlete and winner of the Tom Longboat Trophy. He is the eldest in a family

of 10 children.

Miss Wheeler's selection as the outstanding woman athlete gives her the Velma Springstead Trophy.

Dickson finished fifth in the Empire games marathon at Cardiff with a time of 2:28:48.2, despite severe stomach cramps.

In winning his way to the BEC, he captured the Canadian trials in 2:21:50.5, almost 15 minutes ahead of his nearest rival. He captured eight of nine marathons entered in the last year, finishing only in the BEC.

Rau is a student at the University of Michigan. Although still a junior he has ranked high in open events. He placed second in the hop, step and jump and the broad jump at the Saskatoon trials.

Moro, Bidoski Spark Vernon To 9-4 Victory

VERNON (CP) — Wingers Jim Moro and Merv Bidoski scored a hat trick each as Vernon Canadians swamped the cellar-dwelling Kamloops Chiefs 9-4 in an Okanagan Senior league hockey game Tuesday night before 800 fans.

Other Vernon scorers were Oddie Lowe with two and playing coach George Agar.

Kamloops' best players were registered by Alf Cadman, Ken Harris, Buddy Evans and Gerry Prince.

The second-place Canadians swept to a 4-0 lead in the first period paced by Moro's two goals and scored three more without a reply during the second session with Agar, Moro and Bidoski finding the mark. Best of the three was Agar's counter, the veteran coach putting on a brilliant stick-handling display before scoring.

Chiefs came to life in the final period. Alf Cadman and Ken Harris spoiled Hal Gordon's shutout hopes after four minutes. Bidoski scored his third of the night in reply.

Chiefs came back with two more as Evans and Prince clicked but Lowe scored Vernon's ninth to end the scoring.

Flukers Tops in Oliver Bowling

OLIVER — Monday night league bowling at the Oliver Bowling Alley showed the Flukers in top team form as they rolled up a 1010 for high single and 2819 for the triple.

In individual honors for the ladies it was Betty Barry with a 230 for high single and Mary Skaros' 585 was high for the triple.

For the men, Louie Schoenberg doubled his honors by marking up a 316 for high single and 679 for the three game total.

Len Leads in Bowling Action

Len Kozar made the only clean sweep in Tuesday Mixed League five-pin bowling action at Bowl-a-Mor Recreations.

He rolled 348 for men's high single and 842 for high triple. Lennie Van Driem had ladies' high single with 262, while Pat Garrison had 639 for high three.

Team high single was taken by Bank of Montreal with 1114 and high three went to Eager Beavers with 2867.

U.K. SUB FOR CANADIAN TRAINING PURPOSES

Looking deadly as she skulks off the coast of fare. Canadian ships and planes try to thwart Nova Scotia, the HMS Alderney, a unit of the her. The submarine poses as not only a valued Royal Navy's Sixth Submarine Fleet at Halifax, friend to the navy and air force but also as an enables the Canadian maritime forces to train enemy to be sought out at sea and destroyed, as realistically as possible in anti-submarine war.

Regina Hospital Interne Sought on Fraud Charge

REGINA (CP) — City police have issued a warrant for the arrest on a fraud charge of a man who worked for three weeks as an interne at Grey Nuns Hospital here, using the name Dr. W. van Haerward.

Fred Zimmer, a switchman at the CPR yards here, said he was admitted to Grey Nuns Hospital and placed under the care of an interne. He told police the interne persuaded him it would be better for his health if he changed his

job and said he could get Zimmer established as western distributor for a Toronto medical supplies firm. Police found later the firm did not exist.

Zimmer said he was asked to put up money for the venture and on Nov. 5 gave the doctor his savings of \$3,000 plus \$500 he was able to borrow. He called police when the doctor did not keep an appointment at the hospital two days later.

Police said investigation showed the interne for whom they hold a warrant travelled from here to Winnipeg by taxi Nov. 5.

Zimmer's cheque for \$3,500 was cashed at Napa, Calif., near Los Angeles Nov. 12, police said. A priest at a monastery which manufactures wine there apparently helped cash the cheque after a man represented himself as a purchasing agent for the CPR and ordered 1,000 gallons of wine. He did not make payment or take delivery.

Police said the man they seek borrowed \$600 from the credit union at Holy Rosary Cathedral here after telling a priest he needed the money to buy furniture.

Business manager Eugene Bourassa of Grey Nuns Hospital here said the interne was hired provisionally Oct. 14 and released Nov. 5 when the Saskatchewan College of Physicians and Surgeons failed to clear his papers.

Zimmer, who has a wife and four children, had saved money to make a down payment on a house. He was allowed to return to his job but had to borrow money for rent and food until pay day.

Russia to Counter Any Allied Military Move Over Berlin

MOSCOW (Reuters) — Russia today promised a "corresponding reprisal" against any Western military move over Berlin.

The Soviet army newspaper Red Star carried the statement today in response to a comment issued last weekend by Gen. Harry Nodes, commander of the U.S. Army in Europe, that any Communist infringement in West Berlin would be regarded as an attack on the United States.

"It is time that people like Nodes learned that blackmail and threats are not languages in which to speak to the Soviet Union," Red Star said.

"If madmen would try to set off their arms they should be fitted with a strait-jacket."

ALL FOR ONE

"The member states of the Warsaw Pact act upon the motto 'one for all and all for one' and any aggressive action against any of them will be considered by all members of the pact as aggression against all and will provoke corresponding reprisal."

Plot to Stone Dulles Thwarted

WASHINGTON (AP) — Mexican authorities were reported today to have thwarted a Communist plot to stone State Secretary Dulles at Mexico City this week.

Dulles was there Sunday, Monday and Tuesday as head of the U.S. delegation to the inauguration of President Adolfo Lopez Mateos. He flew Tuesday night to Palm Springs, Calif., for a rest and returns to Washington Friday.

Reports reaching Washington said Mexican police were warned last week of clandestine plans for an anti-Dulles campaign.

Iron Ore Shortage Slow Russian Plan

By GUSTAV SVENSSON

MOSCOW (AP)—Iron is a key—and a formidable problem—in the Soviet master plan to out-produce the United States.

Where it once was available, iron ore now is scarce.

While the shortage is speeding Russia's approach to the age of the plastics, iron ore still occupies a dominant role in the seven-year plan.

Laying down the terms of this plan for Soviet industrial expansion, Premier Nikita Khrushchev stressed to the Communist Party central committee that the iron industry — "especially its iron ore base" — ranked first among the tasks ahead.

DWINDLING IRON

The iron content in the ores of Krivoi Rog in the Ukraine and of the Urals, once the backbone of Soviet heavy industry, has been dwindling steadily. Articles in Soviet scientific journals have spoken of this as an iron brake on Soviet industrial expansion.

Mining Journal, a periodical for the industry, has pointed out that Soviet industry has been long suffering from a shortage of iron ore.

"The quality of (Krivoi Rog) ores poses an acute problem," the journal said, "since the iron content of commercial ore has dropped from 60.3 per cent in 1933 to 55.3 per cent in 1956."

SEEK SCRAP

The government has conducted wide campaigns for scrap iron collection on a scale unparalleled since the war.

The iron ore shortage may be temporary, but a mighty effort will be required to cope with what Soviet economists describe as a bottleneck for further industrial expansion.

Under the seven-year plan, new deposits will form the base for large industrial combines in an eastern Soviet industrial area. The plan earmarks 40 per cent of its total investment for development of these areas—in Siberia and Kazakhstan—where iron will play a leading role in the attempt to bring the plan to fruition.

Woman Dies After Fast in Mountain Area

THE DALLES, Ore. (AP)—The frozen body of a woman was found Tuesday in the Mount Hood national forest where she, her husband and daughter had gone to fast.

The body of Charlotte Elmore Durbin, 45, was found on a bed in a crude shelter by state police.

With the woman, they said, was the husband, Dudley H. Durbin, about 46, and a daughter, Polly Jean, about 17.

Police quoted Durbin as saying the family had gone to the mountain area from their Yakima, Wash., home, and had begun the fast about Oct. 1. They lived only on water from a nearby mountain stream.

Durbin was held in jail without formal charge. His daughter was taken to hospital.

When a reporter asked why he had gone up on the mountain, Durbin replied: "The Lord told me to go."

Canadian Pacific Railway telegraph system was organized as a completely self-contained department with head offices in Montreal in 1886.

Sputnik III Rocket May Burn up Today

CAMBRIDGE, Mass. (AP) —

The railway-car sized rocket of Sputnik III was expected to burn up and fall to earth today.

Scientists at the Smithsonian Astrophysical Observatory said if the rocket's death follows the predicted timetable it will fall somewhere between Central Europe and the Middle East.

The rocket has been orbiting since it fired Sputnik III into orbit last May 15. Sputnik itself is expected to continue circling the globe for another year because its more compact shape offers less atmospheric drag.

45-MINUTE CIRCUIT

Scientists at Smithsonian said Tuesday night they could not pinpoint the falling point of the rocket satellite more closely because a difference of 45 minutes places it on opposite sides of the world.

The death - plunge estimate brought from a congressional specialist on space matters a concern about possible damage-liability problems.

The concern was expressed by Representative John W. McCormack (Dem. Mass.), chairman of the special House of Representatives committee on astronautics and space exploration.

LITTLE CHANCE

He conceded, however, that the chances of the rocket landing in a populated area probably are no better than one in 25.

Smithsonian scientists said probably little would remain of the carrier rocket as it hit the earth since it would burn up through friction as it entered the earth's atmosphere.

Commonwealth Governors-General Suggested by Dief

CANBERRA, Australia (CP) — Prime Minister Diefenbaker said today he sees "beneficial possibilities" in an exchange of Commonwealth citizens as governors-general of various Commonwealth countries.

But at a press conference held within a few hours of his arrival for a five-day Australian tour the Canadian leader declined to comment directly on an Ottawa report that he would like to see Australia's Prime Minister Robert Menzies as Canada's next governor-general. Formal talks with Menzies on a number of questions are scheduled for Thursday.

Diefenbaker also said he hopes to make a tour of African Commonwealth members "as soon as conditions permit and opportunities allow." He said he regrets he was unable to visit Africa in his current 54-day world tour.

Big Sweepstake Winner Found Dead in Garage

DETROIT (AP) — John Puterbaugh, 58, who won \$70,000 in the Irish sweepstakes last March, was found dead in his new luxury-model car in his garage, Tuesday.

Police said Puterbaugh, a boiler operator and bridegroom of four months, left a note indicating suicide but giving no explanation.

A total of \$13,836,576 in salaries and wages is paid to employees of Canadian Pacific Communications System.

Japan Dismisses Soviet Warnings

TOYO (AP) — Foreign Minister Aichihiro Fujiyama today dismissed, as propaganda Soviet warnings for Japan to break its military assistance treaty with the United States.

Fujiyama said negotiations to revise a 1951 defence treaty with Washington will proceed on schedule next week.

Soviet Foreign Minister Andrei Gromyko gave a warning note to Japanese Ambassador Sumitau Kadovaki in Moscow Tuesday. Broadcast by Moscow Radio, it echoed numerous Communist blasts against Japanese co-operation with U.S. defence efforts in the Far East.

It advised Tokyo to break off the talks and send home the American forces stationed here under the treaty.

Negro Successful At Four Big Jobs

By BOB THOMAS

HOLLYWOOD (AP) — Henry Scott, who served with distinction as a fighter pilot in wartime, is finding success not only as a movie actor but as a writer, director and producer in TV. Henry is a Negro, a handsome, articulate man, 32, once a promising student of the American Theatre Wing and the Actor's Studio. But promise doesn't always mean a payoff, and Henry had plenty of lean days before enjoying his present success.

Henry had had a taste of dramatics in Jersey City, and he wanted to try his hand at acting when he returned. He was lucky at first, being cast in such stage successes as *Deep Are the Roots*, *Anna Lucasta* and *Member of the Wedding*. But there were periods when he couldn't find work as an actor.

DROVE TAXI

"Then I took other jobs," he said. "When I was studying at Columbia, I worked in its fund-raising drive. And for several months I drove a cab."

"I was a whiz! I'd drive up on the sidewalk if I meant getting a fare. I could ring up as much as \$44 on a Saturday night, which was a big total for a cabbie."

Two years ago, he decided to try his luck in Hollywood. He was signed to recreate his stage role as the romantic lead in the film *Anna Lucasta*. And he hooked up with Sandy Howard Productions as writer-actor on *Night Court*.

Now he's writer, actor, director and associate producer on *Night Court*, which appears on KTLA, a local station, and is being syndicated to other stations.

"As a Negro actor, I have certain limitations," he said. "There are just so many jobs for Negro actors because a sizable part of the population in certain areas won't accept them. But as a director and producer, I find there are virtually no limitations for me, and I am excited about the future."

Christmas Tree From Norway Will Grace Trafalgar Square

By M. MCINTYRE HOOD

(Special to The Herald) LONDON — A giant Christmas tree, 65 feet high, just cut down in a forest near Oslo, Norway, is on its way to London on the steamer *Bartok*. Specially selected by Norway's forestry inspector, on its arrival here it will be erected in Trafalgar Square, near the fountain, as the central symbol of London's celebration of the Christmas season. After its erection is completed, the hundreds of lights which will be placed upon it will be lighted at a ceremony to be held on December 18.

This is the 12th successive year in which the government of Norway has sent a goodwill gift of a Christmas tree to London. It started back in 1947 as a gesture to the children of London after the war.

It has long been the custom every year to set up a large Christmas tree in Oslo, Norway's capital. The people of Oslo consider the idea that the London children should see such a tree of their own "bringing some brightness into their lives" following the blacked-out London they had been used to during the war. This annual gift has now become traditional, and is certain to be continued from year to year.
